## Foreword

Activity Alliance is the leading voice for disabled people in sport and activity. Established in 1998 as a national charity, we were previously known as the English Federation of Disability Sport.

**Our vision is Fairness for disabled people in sport and activity.** It is not right or fair that disabled people are the least active in our society. Sport and activity play an important role in our nation's health. We want to create a fairer society for everyone. A place where everyone can be active however and wherever they want to be.

Everything we do is underpinned by our shared values. They shape our work and support us to embed a strong dynamic culture across our organisation.

**We care** - we are passionate about what we do, and who we do it for.

**We unite** - we collaborate with others to achieve greater outcomes.

**We champion** - we recognise everyone's voice must be heard if we are to provide equitable places to live, work and thrive.

Crucial to our success in achieving our vision is ensuring that any participation opportunity always provides a safe, inclusive, friendly, and enjoyable experience for all participants, which puts the welfare of disabled people as a priority.

We know that everyone working with all children and young people are in a position of trust and we take that responsibility very seriously, with this in mind Activity Alliance have developed comprehensive safeguarding policy, procedures, and good practice guidance to promote to everyone we support. Many partners and stakeholders already have comprehensive policies and procedures in place to cover the welfare and duty of care requirements for children and young people. This plan is intended to enhance, support, and provide clear guidance for all our partners and stakeholders alongside all Activity Alliance staff and volunteers.

Adam Blaze  
Chief Executive  
Activity Alliance

## Activity Alliance Safeguarding Policy

Activity Alliance work with many amazing organisations, groups, and individuals, and are at the centre of influential programmes for disabled people.

Our teams work across various specialisms driving change in disability, inclusion and sport. However, the reality is that disabled people are the least active group in society and we must all do more to change this negative picture.

Safeguarding is a priority for Activity Alliance and we are committed to promoting the safety and welfare of all disabled people involved in sport and activity, with this in mind Activity Alliance have developed comprehensive safeguarding policy, procedures and good practice guidance to promote to all the people we support.

The aim of this is to ensure we all promote the welfare of all children and young people and their rights to be protected from harm.

As part of that commitment, we have developed comprehensive safeguarding policy, procedures and good practice guidance to promote to all the people we support. This enables all partners, stakeholders, staff and volunteers to understand their safeguarding roles and responsibilities. This includes what they should do if a safeguarding concern arises (directly or indirectly) and how any concerns will be managed in line with government guidance ( [Working together to safeguard children](#)) the law, and Local Safeguarding Children Board (LSCB) requirements.

This policy applies to everyone that is involved in the support, planning and/or delivery of participation opportunities, sporting sessions or activities that involve children and young people, including as volunteers.

Any activity promoted, endorsed, or run by the Activity Alliance must comply with these policies and procedures and have a safeguarding welfare plan. (Copies of this can be downloaded from the Activity Alliance website <http://www.activityalliance.org.uk/how-we-help/resources/safeguarding>)

Activity Alliance requires that safeguarding children and young people sits within a framework. This is based on the NSPCC Standards for Safeguarding and Protecting Children in Sport, the NSPCC Safe Sport Events, Activities and Competitions guidance, and Sport England Governance requirements. It includes having:

- An overarching safeguarding policy, procedures, and implementation plan
- A safeguarding welfare plan for all activities
- Guidance on prevention and best practice, including safe recruitment and vetting
- Policy, procedures, and systems for responding to concerns
- Codes of conduct
- A commitment to equity and diversity
- Training and development
- Access to advice and support.

## Activity Alliance Events

For more than 40 years (formerly Disability Sport Events) disabled people have reaped the physical and mental health, and social benefits of being active thanks to our hugely successful events programme. Our expert events team supports as well as delivers high quality events that put disabled people at the heart of all we do.

We work with many partners to ensure more disabled people can access more opportunities in sport and activity. We are proud of the difference we are making, whether through have-a-go days or international trials. Our partnerships make the events possible - from corporate, government and voluntary organisations.

Our portfolio of national programmes-currently focus on these areas:

- **Providing routes for talented disabled people** to develop in their sport and be selected for elite teams. We have witnessed many win medals, break records and achieve their sporting dreams.
- **Increasing community social cohesion and wellbeing** through the successful Get Out Get Active programme. National and local partners bringing disabled and non-disabled people together in a range of inclusive opportunities.
- **Helping more providers to feel confident and competent** in supporting disabled people at any level. It brings us closer to a level playing field. Educating and enabling a huge number of people and organisations to deliver inclusive opportunities themselves.
- **Empowering and supporting teachers and school staff** through an inclusive education hub. Enabling them to review and improve their inclusive physical education and school sport delivery-made possible through the Department of Education funded, Inclusion 2024 project

## Purpose of the Event Welfare Plan

The purpose of the Event Welfare Plan (EWP) is to promote and ensure the well-being of those participants taking part in any sporting event or activity promoted or run by Activity Alliance.

The plan is guided by [Activity Alliance Safeguarding policies](#) which are based on the following principles:

The Activity Alliance Safeguarding policy is based on the following principles:

- The welfare of disabled children and young people is paramount, as enshrined in the [Children Act 1989](#)
- All disabled people, regardless of age, ability, culture, gender, language, race, ethnicity, religious belief, nationality, social/economic status and/or sexual identity have the right to protection from abuse.
- All disabled people have the right to participate in sport and activities in an enjoyable and safe environment that takes account of their individual support, physical and or social development needs.

- All incidents of suspected/alleged poor practice or abuse should be taken seriously, be responded to swiftly and appropriately, and in line with Local Safeguarding Children Board (LSCB) multi-agency policy and procedures.
- Confidentiality will be upheld in line with Data Protection and Human Rights legislation, but our priority will be safeguarding disabled children and adults who may be at risk.
- The creation and promotion of a culture/environment in which children and young people are valued and their right to be safe is upheld.
- Ensure steps are taken to minimise risks of harm to children and young people involved in activities.
- Work together with other organisations that have a responsibility for safeguarding and the protection of children and young people, including information sharing when concerns arise.
- Provide, champion, and promote an environment that is healthy, safe, and secure.
- Activity Alliance acknowledge and advocate that deliverers may require additional training and advice to ensure they include and safeguard deaf and disabled people appropriately.
- Activity Alliance recognises that deaf and disabled young people can be more vulnerable than other non-disabled children and young people and that they and their families may need more information and support.
- Some children and young people are additionally vulnerable because of the impact of previous experiences, their level of dependency, communication needs or other issues.
- Additional barriers can exist when detecting the abuse or neglect of disabled children and young people and can create additional safeguarding challenges that are sometimes not recognised, in particular:
  - assumptions that indicators of possible abuse such as behaviour, mood and injury can relate to the child's disability or additional need without further exploration.
  - disabled people have an Increased likelihood of social isolation.
  - disabled people are disproportionately impacted by bullying.
  - disabled people have fewer outside contacts than non- disabled children.
  - disabled people depend on others for practical assistance in daily living, including intimate care.
  - Some disabled people's speech and language communication needs may make it difficult to tell others what is happening.
- Using the Activity Alliance 'Talk to me' principles throughout our safeguarding policies, procedures and good practice to support looking beyond standard demographics and creating a child-centred approach to safeguarding. This child centred approach is fundamental to safeguarding and promoting the welfare of every child. A child centred approach means keeping the child in focus when making decisions about their active lives and working in partnership with them and their families.

[Talk to me Principles](#) - This report outlines 10 principles that providers could follow to help make their sport or activity more appealing to and supportive for disabled people.

Please note these definitions of roles are an example for the purpose of this document and may differ at different events and activities.

## Introduction

Any activity delivered by or on behalf of Activity Alliance should fully embed safeguarding throughout the whole of the planning process. All staff and volunteers will be expected to read, understand and implement the requirements set out in this plan.

This also provides clear guidance to both external and internal stakeholders including Activity Alliance staff and volunteers. This enables them to be clear of expectations around safe and effective practice as well as the management processes when safeguarding concerns arise.

### This plan aims to:

- minimise the risk to participants, staff, volunteers, and everyone involved.
- maximise the opportunity for disabled people to participate
- clearly identify who is the lead responsible designated person for managing any safeguarding allegations, incidents or complaints and any communication and reporting routes.
- Encourage enjoyment of all involved

Although incidents of serious poor practice and abuse do arise during events, according to the NSPCC (2013 report) the majority of incidents are low level concerns. These are often associated with more general practicalities, e.g. confusing arrangements for care, poor refreshments and transport. Nevertheless, they can still have a significant impact on a participant. Any handover arrangements are a key risk at many events, especially where it involves a number of young participants, schools, clubs and colleges.

### Activity Alliance activities will provide participants with:

- an opportunity for competitive and personal development
- an enjoyable and rewarding experience.
- a taste of high-quality competition
- an opportunity to socialise and interact with fellow peers and athletes.

**The Welfare Plan is designed to minimise the risks to the children, young people and adults taking part in any Activity Alliance activity and to maximise their enjoyment and wellbeing.**

This document is designed primarily for those involved in an Activity Alliance activity. Many National Governing Bodies (NGBs) of sport, schools and local authorities already have comprehensive policies and procedures in place to cover the welfare and duty of care requirements for children, young people and adults at risk. This resource is intended to supplement and not replace or reproduce those details.

## Code of Conduct for all staff/volunteers

Most National Governing Bodies (NGBs) and coaching organisations require staff/volunteers to adhere to their code of conduct or code of behaviour. All Activity Alliance staff/ volunteers must be made aware of the code and remain vigilant through in ensuring that it is implemented by everyone involved in any activity. By agreeing to take part in any Activity Alliance activity and any other endorsed Events, individuals are agreeing to the principles suggested by the NSPCC and outlined in the following:

An environment which allows bullying, shouting, racism, or sexism is not acceptable.

### Principles

An environment which allows bullying, shouting, racism, or sexism is not acceptable.

### Rights

Staff/volunteers working at any event/activity must respect the rights of children, young people and adult participants, promoting their welfare and their individual needs.

### Relationships

Staff/volunteers should promote relationships with participants and others that are based on openness, honesty, trust and respect. They must not engage with participants in behaviour that is abusive or inappropriate, including inappropriate use of social media and technology to communicate with children and young people. They must respond to any concerns about a child's welfare, and work in partnership with other organisations in the child's best interests. As indicated in the Activity Alliances guidance and policies.

### Responsibilities

Staff/volunteers must demonstrate proper personal/professional behaviour at all times, promoting positive role models for the children, young people and adults they are working with. Staff must ensure that children and young people are provided with a safe environment which maximises benefits and minimises risks to them. In addition to this staff/volunteers must take due account of their own use of social media both at any activity and their personal use.

Blogging and social media are popular hobbies; Activity Alliance staff and volunteers are justifiably proud of their contributions to activities and may mention this on their internet postings. However, staff and volunteers must keep in mind the code of conduct when they engage in any activity within their personal social media environment. When posting information online that could relate to Activity Alliance work or activity the following principles must be followed:

- Add a disclaimer: If staff/volunteers mention that they work for Activity Alliance in their profile on a social media site they need to state that "all opinions expressed here are my own and not that of the Activity Alliance."
- Do not breach confidentiality: Never make any reference to individual children, a young person or adult participants or use their names.
- Be mindful: Once you have mentioned your association with Activity Alliance any negative behaviour or activity within the social media environment could be indirectly associated with the organisation.

### Equity

All staff/volunteers must demonstrate commitment to respecting differences between staff and participants in terms of gender, sexual orientation, race, ethnicity, disability, culture and religious belief systems.

## Principles of Participation and Codes of Conduct

The success of any activity depends on developing a positive and safe environment where everyone is treated with respect, and **everyone takes responsibility for their own behaviour**. Everyone at an activity will be asked to sign up to the activities Principles of Participation and Codes of Conduct.

For participants these are about:

- fair play
- equity
- inclusiveness and tolerance
- responsibility
- friendship

Breaches of the code of conduct will be dealt with through disciplinary procedures and parents/carers will be made aware of the possibility that their child could be sent home at their own expense for a serious breach of the code of conduct.

All those responsible for implementing the Events Safeguarding Welfare Plan should ensure that all participants taking part are aware of this Code of Conduct. A child friendly version of a participant's code of conduct should be provided to all young people along with entry forms to the event.

## Responsibilities for children, young people and adults at risk welfare

### Overall Events Manager

This is the person appointed to be responsible for the organisation and overall running of the activity, including overseeing safeguarding all participants and attendees. This person should appoint and work in partnership with the appointed activity welfare officer and other key members of the event staff.

The event manager should not only try to establish best practice in the recommended standards in the event safeguarding plan, but also to ensure that minimum standards are met by constituent organisations responsible for teams of children, young people and adults at risk and/or the delivery of specific sports and activities.

The event manager is responsible for:

- Appointing/recruiting a suitable person to the role of event welfare officer and liaising with this person on all safeguarding related matters before, during and after the activity.
- Undertaking or delegating an event and facility risk assessment and co-ordinating venue site visit/s prior to the event to include the event safeguarding officer.
- Ensuring the development, implementation and promotion of the event safeguarding plan that establishes minimum safeguarding standards for the event that are communicated to everyone involved in the event or activity.
- Ensuring adequate first-aid/medical cover for the event, which will comply with national governing body, local authority or other requirements.
- In conjunction with the event welfare officer making decisions on appropriate responses to any safeguarding or disciplinary issues arising at the event/activity.
- Ensuring that a complaints/disciplinary procedure are in place and implemented for participants and staff or volunteers at the event/activity.

## Event Safeguarding Officer

Reporting to the event manager, the event welfare officer has overall responsibility for safeguarding at the event/activity. In best practice terms this should not be the same person as the event manager due to the complexity of these events and the number of other responsibilities the overall event manager will undoubtedly have, which will impact on their ability to focus on safeguarding.

The event welfare officer is responsible for:

- Promoting and implementing the event/activity safeguarding plan that provides minimum operating standards for the event/activity, including details of reporting and referral process.
- Linking with local statutory agencies to ensure that the event/activity safeguarding plan complies with relevant national and local guidance/procedures, and that those agencies are aware of event/activity details in case a significant incident occurs.
- Ensuring that plans cover all relevant aspects of the event/activity:
  - An agreed safe recruitment process for all event/activity and team/school staff and volunteers, including criminal record checks where eligible.
  - Codes of conduct signed up to by staff and volunteers, participants and parents/spectators, and linked to a disciplinary/sanctions process
  - Basic safeguarding and disability awareness training requirements for staff and volunteers
  - Procedures for missing participants
  - Safeguarding staffing/roles requirements for participating teams, clubs, schools or individuals.
  - How safeguarding concerns will be reported, responded to, and managed at and after the event/activity (including communication with statutory agencies, national governing bodies, schools and/or local authorities).
  - Keep an up-to-date record of all accidents and incidents on appropriate reporting forms.

Liaising with relevant staff/volunteers with lead safeguarding responsibilities in participating national or regional or sports teams/clubs/schools/organisations to ensure understanding of and compliance with safeguarding requirements for the event/activity.

Ensuring that a complaints/disciplinary procedure is in place and implemented for participants and staff or volunteers at the event/activity.

In conjunction with the event/activity manager, establishing a system to make decisions on appropriate response to any safeguarding or disciplinary issues arising at the event/activity – this may involve establishing an event/activity case management panel or triage system.

Agreeing event/activity communication processes with all event/activity safeguarding staff.

## Responsibilities of a Team Manager

The team manager is the person nominated to supervise and be responsible for participants when they are not playing sport at the event/activity. There should be a minimum of one team manager for every ten participants.

The team manager will act in loco parentis and should have demonstrable experience of working with, supervising and supporting young people (possibly by virtue of their profession, eg teacher or social worker). They should have received at least basic safeguarding awareness training and an induction to the requirements of the event/activity safeguarding plan.

Responsibilities of the team manager include:

- Acting in loco parentis for young people on behalf of the specific sport's team
- Being the first point of contact with the individual participants
- Being aware of their responsibility as detailed in the event/activity safeguarding plan.
- Understanding what to do should any incident or concern be reported to them.
- Attending pre-event briefing and event training, and familiarising themselves with the venue, accommodation, and transport arrangements
- Ideally meeting the participants in their care prior to the event/activity

### Responsibilities of parents and carers

Parents/carers of participants at the event/activity are responsible for ensuring that:

- they have read the information about safeguarding and any event welfare plan.
- they have given written consent for the participants attendance.
- they have provided information about any medical needs/allergies that their participant needs and provided sufficient medication for the Event/activity where necessary
- where a participant has any additional care needs, support must be provided related to these needs.
- they have provided information about any specific dietary needs their child may have
- they have read the event/activities Participation Code of Conduct and, where one exists, those of their child's NGB (national governing body of sport) and discuss with their child how they will abide by these
- they have provided emergency contact details, including whom has legal parental responsibility for the child.

Parents should advise their Team Manager, Safeguarding Officer, Coach or Teacher of any non-sport related issues which may affect their child's / young people and adults at risk participation at the event/activity. This may include:

- a participant who may be affected by bereavement
- a participant who is 'looked after' by the local authority
- a participant who is being bullied in another setting
- any participant with safeguarding disclosure issues.

## Participants' (Children, young people and adults at risk) responsibilities

Everyone participating in the event/activity are responsible for:

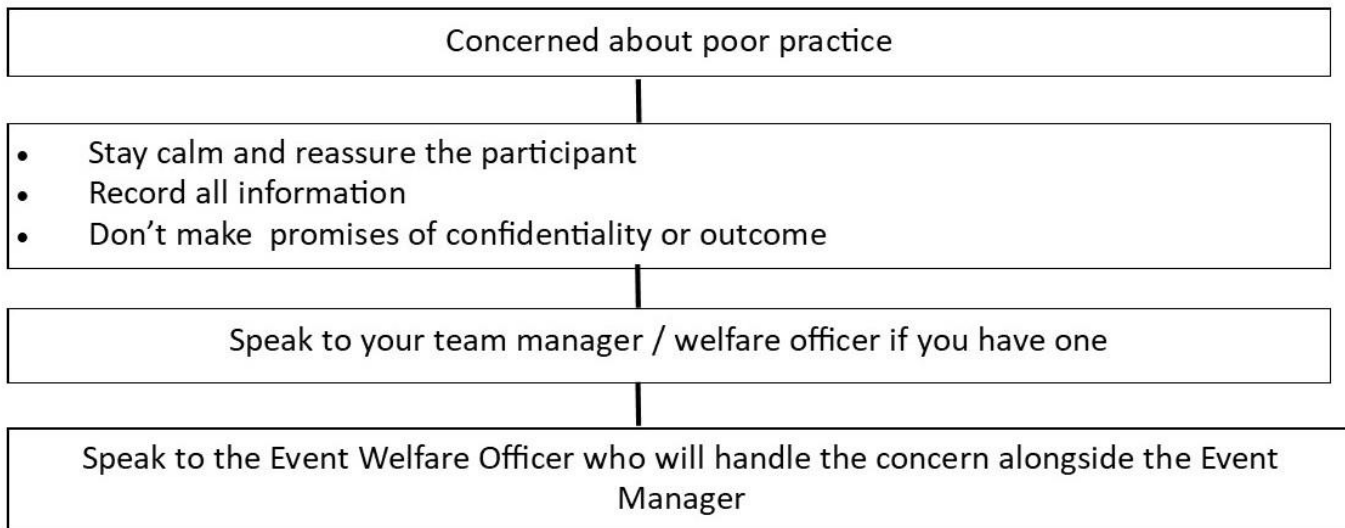

- reading and agreeing to abide by the Principles of Participation and Code of Conduct for the event/activity
- following the Code of Conduct that governs behaviour within their sport
- ensuring that they know who their Team Manager, Safeguarding Officer, Coach or Teacher is and how to contact them.

Participants will be informed that their parents/carers will be contacted if they become involved in an accident or serious breach of safety.

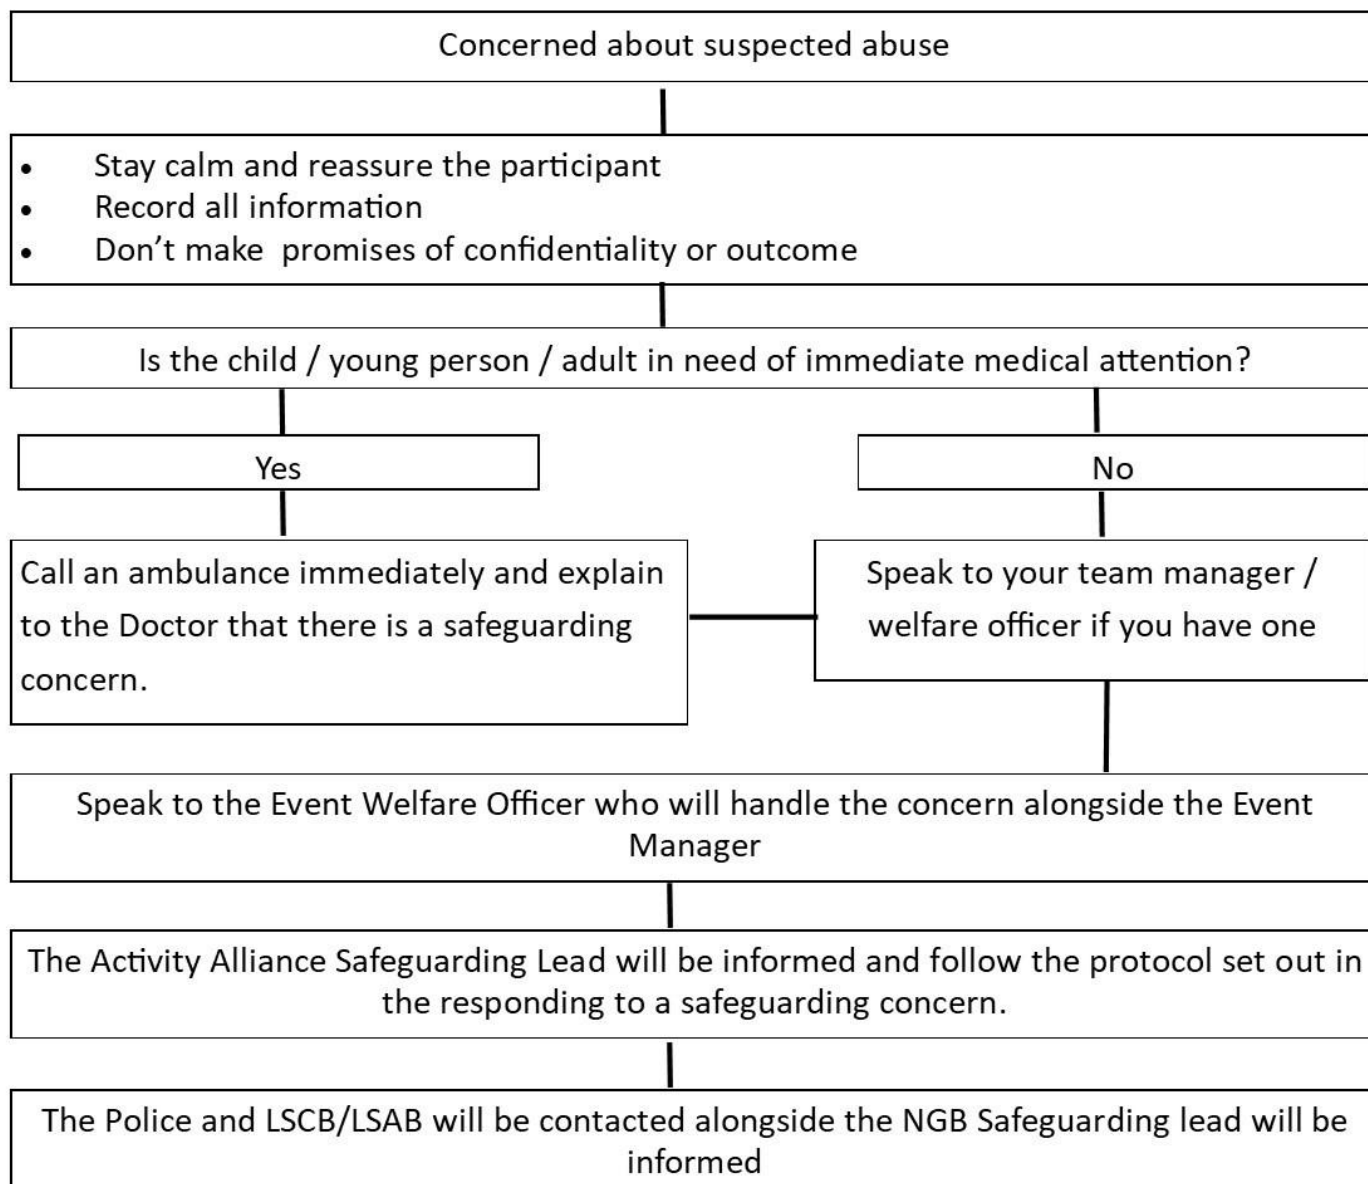

## Safeguarding reporting structure

It is important that all staff know what to do relating to the welfare of participants and who to report to.

### Concerns about poor practice

Concerns about suspected abuse:

You can access further information around activity alliances policies on [responding to a safeguarding concern](#)

## The Reporting of Welfare Issues

The Event Manager needs to ensure that there are clear reporting procedures in place for responding to the range of welfare issues, which may affect children, young people and adults at the event/activity. Clear reporting guidance will be given to everyone, staff and volunteers, working at the event/activity of whom they should report their concerns. All participants should be given information about who to speak to and who their Welfare Officer if they have one is.

The welfare officer will have specific responsibility as the 'designated person' for the response to concerns. The Event Manager has overall responsibility for the management of welfare issues at the event/activity.

### Responding to allegations or suspicions

It is not the responsibility of anyone working in Activity Alliance, in a paid or unpaid capacity to decide whether or not abuse has taken place. There is however a responsibility to act on any concerns through contact with the appropriate safeguarding leads.

Activity Alliance will assure all staff/volunteers that it will fully support and protect anyone, who in good faith reports his or her concern that a colleague is, or may be, abusing a child, young person or adult at risk. **All paid staff and volunteers have the right to protection from false allegations.**

Where there is a complaint against a member of staff there may be three types of investigation:

- A criminal investigation,
- A safeguarding investigation,
- A disciplinary or misconduct investigation.

The results of the police and safeguarding investigation may well influence the disciplinary investigation, but not necessarily.

### Actions if there are concerns

#### Concerns about poor practice

If, following consideration, the allegation is clearly about poor practice; the Safeguarding Officer will deal with it as a complaint or misconduct issue.

If the allegation relates to poor practice by the Safeguarding Officer, or if the matter has been handled inadequately and concerns remain, it should be reported to the relevant Event manager who will decide how to deal with the allegation and whether or not to initiate disciplinary proceedings.

#### Concerns about suspected abuse

Any suspicion that a participant has been abused by either a member of staff or a volunteer should be reported to the Event Welfare officer, who will take such steps as considered necessary to ensure the safety of the participant in question and any other participants who may be at risk.

The Event welfare officer will refer the allegation to the ACTIVITY ALLIANCE Safeguarding Lead and Local Safeguarding Children's Board (LSAB) or Local Safeguarding Adult Board (LSAB) /LADO who may involve the police, or go directly to the police if out-of-hours.

The parents or carers of the participant will be contacted as soon as possible following advice from the Local Safeguarding Children's Board (LSCB) or Local Safeguarding Adult Board (LSAB).

The Event welfare officer should also notify the relevant (Sport Governing Body) Safeguarding Officer who may need to deal with any media enquiries.

If the Event welfare officer is the subject of the suspicion/allegation, the report must be made to the appropriate Lead Activity Officer who will refer the allegation to the Safeguarding Lead and LSCB, LSAB.

### **Confidentiality**

Every effort should be made to ensure that confidentiality is maintained for all concerned. Information should be handled and disseminated on a need-to-know basis only. This includes the following people:

- The Event welfare officer
- The person making the allegation.
- LSCB, LSAB, LADO/the Police.
- The Event Manager and if necessary the NGB Safeguarding Officer.
- The alleged abuser (and parents if the alleged abuser is a child).
- LSCB or LSAB, LADO will advise on who should approach the alleged abuser.

**Information should be stored in a secure place with limited access to designated people, in line with data protection laws (e.g. that information is accurate, regularly updated, relevant and secure).**

### **Internal enquiries and suspension**

The Event welfare officer will advise the Event Manager who will make an immediate decision about whether any individual accused of abuse should be temporarily suspended pending further police and LSCB, LSAB inquiries.

### **Support to deal with the aftermath of abuse:**

Consideration should be given to the kind of support that participant, parents and members of staff may need. Use of helplines, support groups and open meetings will maintain an open culture and help the healing process.

### **[British Association for Counselling](#)**

T: 01455 883300

E: [bac@bacp.co.uk](mailto:bac@bacp.co.uk)

Consideration should be given to what kind of support may be appropriate for the alleged perpetrator.

- Allegations of previous abuse
- Allegations of abuse may be made some time after the event/activity (e.g. by an adult who was abused as a child or by a member of staff who is still currently working with children).

Where such an allegation is made, the Activity Alliance Safeguarding Lead should follow the procedures as detailed above and report the matter to the LSCB/LSAB/LADO or the police. This is because other children, either within or outside sport, may be at risk from this person. Anyone who has a previous criminal conviction for offences related to abuse is automatically excluded from working with children.

### Action if bullying is suspected

If bullying is suspected, the same procedure should be followed as set out in 'Responding to suspicions or allegations' above.

Action to help the victim and prevent bullying in sport:

- Take all signs of bullying very seriously.
- Encourage all participants to speak and share their concerns. Help the victim to speak out and tell the person in charge or someone in authority. **Create an open environment.**
- Investigate all allegations and take action to ensure the victim is safe. Speak with the victim and the bully (ies) separately.
- Reassure the victim that you can be trusted and will help them, although you cannot promise to tell no one else.
- Keep records of what is said (what happened, by whom and when).
- Report any concerns to the Activity Alliance Safeguarding Officer or the school (wherever the bullying is occurring).

### Action towards the bully(s):

- Talk with the bully(s), explain the situation, and try to get the bully(s) to understand the consequences of their behaviour. Seek an apology to the victim(s).
- Inform the bully's parents.
- Insist on the return of 'borrowed' items and that the bully(s) compensates the victim.
- Provide support for the victim's coach.
- Impose sanctions as necessary.
- Encourage and support the bully(s) to change behaviour.
- Hold meetings with the families to report on progress.
- Inform all organisation members of action taken.
- Keep a written record of action taken.

### Concerns outside the immediate activity environment (e.g. a parent or carer):

- Report your concerns to the Event Welfare Officer, who should contact LSCB, LSAB, LADO or the police as soon as possible.
- If the Event welfare officer is not available, the person being told of or discovering the abuse should contact LSCB, LSAB or the police immediately.
- LSCB, LSAB and the Event welfare officer will decide how to involve the parents/carers.

- The Event welfare officer should also report the incident to the relevant Sports Governing Body.
- Maintain confidentiality on a strict 'need to know' basis only.

#### Information for LSCB/LSAB/LADO or the police about suspected abuse:

To ensure that this information is as helpful as possible, a detailed record should always be made at the time of the disclosure/concern, which should include the following:

- The child's name, age and date of birth.
- The child's home address and telephone number.
- Whether or not the person making the report is expressing their own concerns or those of someone else.
- The nature of the allegation. Include dates, times, any special factors and other relevant information.
- Make a clear distinction between what is fact, opinion or hearsay.
- A description of any visible bruising or other injuries. Also any indirect signs, such as behavioural changes.
- Details of witnesses to the incidents.
- The child's account, if it can be given, of what has happened and how any bruising or other injuries occurred.
- Have the parents been contacted?
- If so what has been said?
- Has anyone else been consulted? If so record details.
- If the child was not the person who reported the incident, has the child been spoken to? If so what was said?
- Has anyone been alleged to be the abuser? Record details.
- Where possible referral to the police or LSCB, LSAB should be confirmed in writing within 24 hours and the name of the contact who took the referral should be recorded.
- If you are worried about sharing concerns about abuse with a senior colleague, you should contact LSCB, LSAB, LADO or the police directly.

#### General Welfare Issues

Team Managers, Teachers, Coaches and Welfare Officers (where applicable) at 'away' events will most commonly come across concerns for children such as: home-sickness, forgetting to bring things with them; anxiety about how they will get on with other participants.

Most of these issues will be able to be managed by the team manager. All welfare issues should be reported to the team's welfare officer and a record kept of incidents in line with the Event welfare plan. Regular briefing sessions should be held throughout the event/activity at residential event/activities. This will help to pick up any emerging themes such as bullying behaviour and provide support to the welfare officers.

#### Supervision and missing participants

Prevention is the most important thing. From the moment participants arrive at the event/activity (or from when they are handed over by parents to be transported to the event/activity), staff and volunteers are acting in 'loco parentis' and have a duty of care towards them.

Appropriate supervision ratios and systems for monitoring the whereabouts of children are essential. It must be clear at all times, who in the team is responsible for supervision. This is particularly important where event/activities are held on large sites and at residential venues.

The Events Manager has provided clear guidance on reporting missing participants and what action staff/volunteers should take. It will be a maximum of twenty minutes before the police would be called.

Times of particular concern are when children are arriving at/leaving the Event/activity and when they are transferring between venues/facilities.

### **Breaches of Code of Conduct, Complaints and Disciplinary Procedures**

All breaches of the Event/activity code of conduct, whether by adults or participants, must be reported through the event/activity procedures. All sports have NGB (national governing body) codes of conduct and staff/volunteers will also need to report through their own sport's structure. At the event/activity, it will remain the overall responsibility of the Events Manager to decide on the appropriate response. For the purposes of event/activity safety, it will be the Events Manager or designated representative who decides if a member of staff/volunteer should or should not be removed from the Event/activity, if there is any conflict between them and the team manager.

The events manager, team managers and welfare officers have clear mechanisms for ensuring that any incidents related to: breach of the sports code of conduct; complaints about bullying or poor practice; possible disciplinary proceedings; are reported through the sport's organisations existing procedures.

### **Recruitment, selection and training**

This section sets out the minimum requirements for recruitment, selection and training of staff/volunteers for all those working at an ACTIVITY ALLIANCE event/activity.

Those working with children, young people and adults at risk need to have a basic awareness of safeguarding issues and know what to do if they have concerns or if allegations of abuse are made. They need to be aware of the signs and symptoms of abuse and how to respond if a child, young person or adult at risk discloses abuse to them. They need to be aware of their own organisation's safeguarding policies and procedures.

Those staff/volunteers with a significant level of direct contact with children, young people and adults at risk and those with a higher level of responsibility for safeguarding will require more in-depth knowledge and training.

### **Self-disclosure forms**

As an important safeguard, all staff, whether paid or unpaid, must be asked to complete a self-declaration form regarding their suitability to work with children, as part of their application process. Anyone who refuses to do so must be deemed ineligible to work or assist with the Activity Alliance activity.

## Disclosure and Barring Service

The Criminal Records Bureau (CRB) and the Independent Safeguarding Authority (ISA) have merged to become the Disclosure and Barring Service (DBS). CRB checks are now called DBS checks.

Employees of statutory agencies are required to be subject to CRB disclosure checks. People who have direct contact with children, young people and vulnerable adults, who meet the criteria for regulated activity as stated in the DBS rule may be eligible for CRB check. For further information on who the applies to :

<https://www.gov.uk/government/publications/dbs-check-eligible-positions-guidance>

If a role within Activity Alliance as a member of staff or volunteer requires this check the Designated Safeguarding Lead will ensure this happens.

## Disciplinary Procedures

- Parents/carers/coaches may be asked to remove their participant from the event/activity at their own cost. The participant must be sent home if they engage in any illegal behaviour.
- The Overall Events Manager will be responsible for ensuring that disciplinary procedures are in place and are implemented for all their staff/volunteers at the event/activity. They should reserve the right to investigate and act upon any complaint. The first point of contact will be the Event welfare officer in the case of participant safeguarding related matters. They will report to the overall event manager.

## Photography and the media

Unfortunately, in the past there has been evidence that some people have used sporting events as an opportunity to take inappropriate photographs or film footage of disabled children, young people and adults at risk. With the extensive use of mobile phones with cameras built in, it is almost impossible to monitor use. However:

- All staff must be vigilant with any concerns, and report any inappropriate use to the Welfare Officer, official or responsible person at an event/activity.
- All professional photographers will be made aware about safeguarding, and what is expected of them to ensure that the welfare plan is implemented.
- A clear brief will be provided about what is considered appropriate in terms of content and behaviour.
- All commissioned photographers will be provided with identification/jacket, which must be worn at all times.
- Participants and parents will be informed that a photographer will be in attendance at an event/activity. Their consent will be sought relating to both the taking and publication of films or photographs.
- Unsupervised access to athletes or one to one photo sessions at any event/activity is not permitted.

## Videoining as a coaching aid

There is no intention to prevent coaches using video equipment as a legitimate coaching aid. However, participants and their parents/guardians should be aware that this is part of the coaching programme and care should be taken in the storing of such films.

## Glossary of terms

### **Adult at Risk**

The definition of a vulnerable adult is currently set out in No Secrets (2000). The Law Commission review in 2011 suggested a revised definition of an 'adult at risk'. The steering group for safeguarding in sport agreed to us the revised definition and have added some sport context for clarity.

When we are speaking of adults at risk we are referring to those who have health or social care needs (irrespective of whether or not those needs are being met by social care) and who are unable to safeguard themselves as a result.

In sport this may look like:

- An elite athlete being groomed for sexual abuse by his or her coach
- A member of a learning disabled sports club being financially exploited by another club member
- A young woman confiding in her coach about forthcoming holiday where she believes she will be married against her will.
- A coach who regularly neglects the individual needs of disabled participants when training.

### **Barred**

Refers to people who are barred from the Children or/and Vulnerable Adult workforce. It is an offence to knowingly employ a barred person in Regulated Activity. It is an offence for the applicant to knowingly apply for such work.

### **Chaperone**

A person with responsibilities for supervising and supporting a specific child or an adult at an activity

### **Child**

Anyone under the age of 18

### **Child Protection**

Action taken to protect individual children identified as either suffering, or likely to suffer, significant harm as a result of abuse or neglect as a result of the behaviour of an adult or another young person

### **Designated safeguarding officer or welfare officer**

A person in a club, school or sports organisation with responsibility for ensuring there are policies, procedures, systems and resources in place to promote the welfare and protection of children **Criminal**

### **Record Check**

This is used to be known as a CRB check. In 2012 the Criminal Record Bureau was merged with the Independent Safeguarding Authority (ISA) in 2012 to form the Disclosure Barring Service (DBS), so now CRB checks are called DBS checks.

### **Disclosure Barring Service (see above CRB)**

Service established in December 2012 (England, Wales and Northern Ireland) to combine the services provided previously by the Criminal Records Bureau (CRB) and ISA

### **Disclosure Certificate**

The term used to describe the document provided by the DBS and issued to the applicant and Registered Body when a DBS check has been completed.

### **Local authority designated officer (LADO) – England**

LADOs work within children's services and should be alerted to all cases in which it is alleged that a person who works with children (in a paid, unpaid, volunteer, casual, agency or self-employed capacity) has behaved in a way that has harmed, or may have harmed, a child; possibly committed a criminal offence against children; related to or behaved towards a child or children in a way that indicates s/he is unsuitable to work with children. The LADO will support the organisation with advice and guidance from the initial phase of a concern arising to the conclusion of the case, whether or not a police investigation continues. The LADO helps coordinate information-sharing with the right people and will also monitor and track any investigation, with the aim to resolve it as quickly as possible.

### **Activity Alliance**

ACTIVITY ALLIANCE was established in September 1998 as the national body and charity dedicated to disabled people in sport throughout England. We work closely with a number of key partners to improve and increase the opportunities offered, ensuring disabled people have a memorable experience of sport and physical activity.

### **Multi Agency Safeguarding Hub (MASH)**

The Multi Agency Safeguarding Hub (MASH) provides triage and multi-agency assessment of safeguarding concerns in respect of vulnerable children and adults. It brings together professionals from a range of agencies into an integrated multi-agency team.

### **Parent or guardian**

The person with parental responsibility for a child or adult.

### **Poor practice**

Behaviour that contravenes the code of conduct for the activity or of the organisation.

### **Safeguarding**

Safeguarding children, young people and adults at risk and promoting their welfare means protecting them from maltreatment, preventing impairment of their health and development, and ensuring that they grow up in circumstances consistent with the provision of safe and effective care.

### **Welfare Plan**

All Activity Alliance activities must have a Welfare Plan which sets out the minimum expectations for all participating individuals and organisations about all aspects of keeping participants safe at an Activity, including the policies and practices that will operate throughout the Activity.

### **Safeguarding Activity Manager**

Person appointed and responsible for organising and running each activity. Overall responsibility for ensuring the Safeguarding Welfare Plan is developed and implemented in line with at least minimum standards outlined in this plan.

### **Safeguarding Activity Officer**

Person appointed with responsibility for implementation of the welfare plan at each activity and coordination of welfare issues as they arise at the activity.

### **Sport Manager, or National Governing Body Co-ordinator**

NGB co-ordinator is responsible for the development and co-ordination of the sport specific programme. Responsible for identifying regional NGB co-ordinators.

**Umbrella Body**

An Umbrella Body is a Registered Body that provides access to the DBS to other non-registered organisations.

**Vetting and Barring Service (VBS)**

A record of convictions held on the Police National Computer for individuals convicted of crimes. The parts of the Criminal Record released on the Disclosure will depend on the type of Disclosure applied for.

**Volunteer**

Volunteer to be 'a person who performs any activity which involves spending time, unpaid (except for travelling and other approved out-of-pocket expenses), doing something which aims to benefit someone (individuals or groups) other than or in addition to close relatives'.

## Information on the Event Welfare Plan for Parents/Carers

### What is a 'Event Welfare Plan'?

When children, young people and adults at risk are looked after by other adults when attending sports events, it is important that parents/carers are reassured that every effort is made to ensure their safety and wellbeing.

The overall Event Manager and Events Team for this Event are committed to providing a safe and enjoyable, fun event for children, young people and adults at risk involved.

The overall Event Manager is responsible for developing and implementing a 'Event Welfare Plan' for this event. The 'Event Welfare Plan' outlines the roles and responsibilities of everyone who is involved in working with children, young people and adults at risk at the Event.

### What does the Event Welfare Plan mean for my Child?

#### Who has responsibility for my child's welfare at the Sports Events?

The overall Event Manager, his/her staff, and the adults from your child's, young persons or adult at risks sports' team all have responsibility for your child, young person or adult at risks welfare.

The Event Manager and your child's, young persons or adult at risks sports' team manager will support children, young people and adults at risk who may experience any difficulties when they are away from home.

#### What do I need to do to help the organisers look after my child, young person or adult at risk?

You will be asked to provide details of any particular needs that your child may have in terms of their:

- health
- disability
- diet

If your child requires any medication, you will be asked to ensure that they have sufficient for the Event.

- You will also be asked if your child has any allergies.
- You will also be asked to provide emergency contact details.

There will be a consent form given to you to sign, concerning these issues. This needs to be signed by someone with '**legal parental responsibility**' for the child.

If you think that your child, young person or adult at risk may be affected by anything not related to the sporting event we would recommend that you speak to your Team Manager in advance of the event. This

may be if this is your their first time away from home, for instance, or there may be changes in family circumstances, such as bereavement.

You are responsible for ensuring that you have discussed the principles of participation and code of conduct with your child, young person or vulnerable adult.

**What other things are being done to help ensure my child's, young person or adult at risks welfare?**

### ***Recruitment and Selection of Staff***

All staff and volunteers in contact with children, young people or vulnerable adult will have been subject to appropriate checks to ensure their suitability to work in this setting

Whilst all checks cannot provide a complete guarantee, other measures are in place about best practice in working with children, young people and adults at risk, such as staff/volunteers never being alone with participants. The Event Welfare Officer has agreed minimum standards of child, young person and adults at risk safeguarding training for staff and volunteers.

### ***Principles of Participation and Codes of Conduct***

The success of the Event depends on developing a positive and safe environment where everyone is treated with respect and **everyone takes responsibility for their own behaviour**. Everyone at the Event will be asked to sign up to the Event's Principles of Participation and Codes of Conduct. These will be provided to you and your child, young person and adult at risk.

For participants these are about:

- fair play
- equity
- inclusiveness and tolerance ☒ responsibility ☒ friendship.

For adults working at the Event the code of conduct reflects those adopted by most Sports' National Governing Bodies and Coaching Organisations.

Breaches of the code of conduct will be dealt with through disciplinary procedures and parents will be made aware of the possibility that their child could be sent home at their own expense for a serious breach of the code of conduct.

### ***Medical Assistance and First Aid***

Medical assistance will be provided at all event sites where children, young people and vulnerable adults are training/playing. Trained First Aid staff will be available 24 hours a day. Staff will have emergency contact details for evening/night time for medical emergencies (where appropriate).

### ***Sexual Activity***

Essentially, sexual activity between young people will be prohibited at the Event.

The Event welfare officer has in place procedures to follow in the event of any inappropriate behaviour.

Sexual activity between adults and children under the age of 16 is illegal and any allegations against an adult would result in a referral to the police and LSCB, LSAB for a Child Protection Investigation.

Sexual activity is also prohibited at the Event between adults in a position of trust and young people aged between 16–18 years old.

### **What do I do if I have a complaint about my child's welfare at the Event?**

You should contact your child, young person or adults at risks Team Manager. If the complaint is about either of these people then you should contact the Event welfare officer or Events Manager (who will be informed of all complaints in any event).

If an allegation is made, which is, or may be about abuse by an adult at the Event there are procedures, which will be followed in conjunction with the police and LSCB, LSAB. If an allegation is made about an adult member of a team, the ACTIVITY ALLIANCE Safeguarding Disciplinary Procedures will also be followed. The National Governing Body for the sport will also be contacted and the National Governing Body Child Protection Officer will be informed. Every National Governing Body has a Safeguarding Policy and Procedures in place. They also have a named 'lead person' safeguarding.

If an allegation is made by a participant which is not related to the Event then the Team Manager will follow their Sports' NGB Policy and Procedures and refer the information to statutory agencies to investigate under the local Area Child Protection Committee Guidelines.

### ***Media and Photography***

There are careful safeguards in place to ensure that no unauthorised photography occurs at the events. Your consent has to be requested for your child to be photographed.

Please contact the Event Manager if you have any questions related to photography.

### **What does my child need to know?**

Children, young people and adults at risk participating at this Event are responsible for:

- reading and agreeing to abide by the Principles of Participation and Code of Conduct for the Event
- following the Code of Conduct which governs their sport  being aware of the Code of Conduct for the Event.

Please note that breaking the rules will result in appropriate action being taken, which may result in those responsible being sent home at their own expense.

### **Definition of children**

Children/young people are defined as anyone under 18 years of age. Safeguarding children and young people; promoting their welfare means protecting them from maltreatment, preventing loss of their health and development. It also means ensuring that they grow up in circumstances consistent with the provision of safe and effective care.

Children may experience harm in many ways, through physical abuse, sexual abuse and exploitation, emotional harm and neglect. They may also be harmed through bullying (peer abuse, cyber, sexting and internet abuse), poor coaching, teaching practice, or through circumstances in which they are living, such as domestic abuse, parents with mental health or substance abuse issues.

Deaf and disabled children may have additional needs that must be taken into account when planning safe activities as well as potentially facing additional risks of abuse. These needs may include:

- access to facilities
- adapted or modified equipment
- inclusive coaching practices or aspects of the activity
- provision of trained staff/volunteers to support them.

Further information can be downloaded on the CPSU website [www.theCPSU.org.uk](http://www.theCPSU.org.uk)

### What to do if you are worried about a child

If you are worried about a child, even if you are unsure, you can speak to the NSPCC about your concerns. Whether you want to report child abuse and neglect or are not sure what to do, NSPCC are there to listen, offer advice and support, and can take the next steps if a child is in danger.

The NSPCC helpline is currently operating between the hours of 10am-4pm on Monday to Friday. However, you can also email [help@NSPCC.org.uk](mailto:help@NSPCC.org.uk) at any time. Its free and you can remain anonymous.

**Telephone: 0808 800 5000, Text: 88858**

If you think a child is in immediate danger, please call the police on **999** straight away.

If the concern is an allegation relating to an adult who is working /volunteering or used to work at any Activity Alliance activity, then you will still need to follow the Activity Alliance Safeguarding reporting [structure](#). You can also contact our safeguarding team:
